WORKSHOP 1: Unpacking Unit 3, Area of Study 1 & 2

Nicole Haythorpe Caulfield Grammar School

Feeling overwhelmed when you look at the new Study Design? Can't work out what has been retained from the previous Study Design, the depth required for new content and what you can adapt or reinvent? In this workshop, we will unpack the Key Knowledge specified for Unit 3 in both Area of Study 1 and Area of Study 2, focusing on what's new, and in particular, the depth and breadth required for the new content. In addition, we will consider some ideas and resources that may be useful for teaching the new concepts.

WORKSHOP 2: Assessing Unit 3 through SACs

Kate Gallagher Haileybury College, Brighton
Alisha Muller Haileybury College, Berwick

This workshop will deliver an overview of the VCAA assessment requirements specified in the 2023-27 Study Design. An explanation of the four specified assessment tasks will be provided, along with details about what is required by students to satisfactorily complete each of these. Ideas of appropriate assessment tasks for each area of study in Unit 3 will be suggested to provide a clear plan of how to tackle assessment next year.

WORKSHOP 3: Integrating the Teaching of Key Skills with Key Knowledge through Learning Activities in preparation for SACs

Kristy Kendall Toorak College, Mt Eliza

This workshop provides an overview of Key Science Skills specified in the 2023-27 Study Design with particular reference to what is new. Suggestions about how best to integrate the Key Skills with the Key Knowledge specified in Unit 3 will be addressed. Tasks relevant to learning the Key Science Skills including the use of the Logbook and the Scientific Investigation will also be examined. In this workshop, the nine Scientific Investigation methodologies (identified on p. 14 of the new Study Design) that apply to all of Units 1–4 VCE Psychology will also be examined, with particular emphasis on methodologies new to the 2023-27 Study Design.

Q & A PANEL

The panel will consist of Erin Wilson, VCAA and the presenters of all three Workshops. Questions can be typed into the Chat Box throughout all presentations. The questions received will be put to the presenters during this session and both the questions and the responses will be available for all participants to view and hear.
